ISSUED SEMI-WEEKLY. MASSILLON, OHIO, MONDAY OCTOBER 20, 1902

XL-NO 30

MAYOR INSPECTS

Autophone, Patrol Wagon, Hospital.

AND ALLIANCE HAS THEM ALL

Besides it Owns Its Own Water Works, and Has a \$20,000 Sewage Disposal Plant, Fife teen Miles of Paved Streets and Other Things That Most Cities Should Have—The City Hospital Cost but \$14,000

Mayor Bell went to Alliance, Friday, to inspect the garbage disposal practice regularly. Thus their effiplant that he had understood that ciency is much improved." town to possess. He expected to find a simple, inexpensive arrangement such as economoical Massillon might adopt. Instead, he found not a garbage disposal plant, but an elaborate sewage disposal plant, which cost \$20,000 when it was installed some years ago, and whose operation, including labor and material, costs some hundreds of dollars a month. The mayor learned all he could about the workings of the sewage disposal plant, not because he thinks Massillon can ever afford one like it, but be cause, as the president of the board of health, all matters pertaining to sanitation are of interest to him. The Alliance plant has the chemical precipitation process, much the same as that in use at the state hospital. The sewage is run into large vats, and lime and water do the rest.

"I took advantage of this opportunity to investigate some of Alliance's other public institutions," remarked the mayor. "In many respects Massillon, though larger by two or three thousand population than Alliance, is far behind that little city. We have better sidewalks and more of them than Alliance. We have better and larger business blocks. We have handsomer residences. We have better looking city and school buildings. Our town is laid out on a plan generally superior. Yet Alliance has fifteen miles of paved streets against our less than three. It has a city hospital. It has a patrol wagon and ambulance. It has a chief of police and an autophone system by which the night officers are required to report on their beats every half hour. It owns its own water works. It keeps its streets cleaner."

The mayor is much impressed with the autophone system of Alliance. "I am informed," said he, "that this system and the patrol wagon cost Alliance but \$29 a month. There are fifteen boxes kept up by the city. For each of these boxes the city is under contract to pay sixty cents a month for fifteen years. At the expiration of that period the boxes will belong to the city. The total amount paid out in that time will be but \$1,620. This system can be installed for much less money if cash is paid, but I understand that the reason Alliance took | the shortest in many years. In Stark the limit allowed is because the company agrees to keep the lines and to be filled besides the circuit judgboxes in repair without cost during ship and congressional candidacies. that entire period. The only labor This means there will be twelve expense connected with the operation names on the ticket to be voted by of the system is the salary of a boy, Stark county voters, including state, who is paid \$20 a month for night judicial, congressional and countyduty as operator. The firemen attend | There will be six tickets in this counto the autophone during the day. The patrol wagon is kept in the fire engine ty's action in placing a candidate for house, and is driven out by one or congress in the field. This ticket will other of the firemen. Sometimes two contain but one name, that of Thomas of the firemen go. All the firemen J. Duffy, of East Liverpool. The adhave police powers, and are often of dition of this ticket will mean an addgreat service to the regular police ed expense to the county of several force. The wagon is a combination | hundred dollars according to statepatrol and ambulance. I was told by ments made at the county board of the police that it would be impossible election rooms. for them now to get along without their wagon. In addition to the fifteen street phone boxes there are also numerous private boxes in business places and elsewhere, which are paid for by persons owning these places The officer, after making an arrest, has but to make his way to the nearest hox, touch a button, and the patrol wagon will come. There is a telephone in each box and he can talk to the operator if he wants to, making any kind of explanations or statements that may be necessary.

"Thus, connected with this patrol and antophone system, there is a regular expense of but \$29 a month. The patrol wagon cost \$550, and it is built to last half a century. The horse that pulls it is the extra fire horse, which would be needed anyhow. The man

whose services would also be required whather there was a patrol wagon or not. I was informed by the chief and mayor that there is not a case on record in which a fire alarm and patrol call were rung in at the same time, so the two departments have never yet interfered with each other. Of course it can happen, but the chief of the fire department says the possibility of it is so remote that he does not consider it a danger, so there will always be a full force for each emergency. Alliance has a police force consisting of a chief, captain and five men. The captain is always on duty 000, divided as follows: the men till morning. The chief is Miners'loss in wages...... 16,000,000 appointed by the mayor. COST OF THE CREAT STRIKE.

Loss of Nearly One Hundred Dr. Carpenter in a Very Critiand Fifty Millions.

Wilkesbarre, Pa., Oct. 17.—The anthracite coal strike just ended has been the most costly conflict that has ever occurred between capital and labor in this or any other country. The strike began May 12. The total cost to mine owners, miners, laborers, railroad employes, business men and the state for maintaining troops in the strike region is estimated at \$148,000,

gions Loss to wholesale merchants out-

thusiasm.

Under the direction of Mitchell the work of organization proceeded rapidly, and in the fall of 1897 80 per cent of the mine workers were organized. A demand was at once made on But Twelve Names on the Tick- the operators for more wages and the redressing of various grievances, among them being a reduction in the

price of powder. The companies refused to grant the demands of the miners and as a result Through the influence of Mark Hanna and other politicians the strike was settled on the eve of the presidential compromise and agreeing to pay an increase of ten per cent in wages. The strikers accepted the offer reluct-

They went to work, but promised to be heard from later. In the meantime both sides prepared for the conflict which has just now been ended. The miners perfected their organization so when the strike order was given on May 12, 95 per cent of the men employed in and about the mines were in the miners' union. This solidity of the working forces at the collieries gave the men a tremendous advantage and their ranks remained unbroken throughout the struggle. It soon dawned upon the mine owners that they were fighting a well disciplined army with a very able general at their

The miners can never hope to make up the losses incurred by them in wages. Even should they be employed steadily for the next three years, which they are sure not to be, they cannot recuperate. The mine owners. price for their product, it is said. An increase of 50 cents a ton on an annual output of 60,000,000 tons would give them an additional revenue of \$30,000,000. The strike, however, has lost some markets for the anthracite men which they will never be able to

STRICKEN WITH APOPLEXY.

cal Condition.

Columbus, Oct. 18.—Dr. Eugene G. Carpenter, superintendent of the state hospital, suffered a stroke of apoplexy Thursday night and his condition is considered very critical. Dr. Carpenter had been about all day Thursday Delegates Will be Electas usual, and seemed in the best of he lth and spirits. He is a man of magnificent physique and has never had a day's sickness in his life up to the present attack.

After supper Dr. Carpenter complained of feeling sleepy and retired to his bedroom. He had barely taken off his shoes when he was seized with a severe fit of vomiting and immediately after came the stroke of apoplexy. He relapsed into unconsciousness and the house physicians were hastily summoned. Dr. Ránkin was also called from the city to assist and the physicians remained by the bedside all night.

The attending physicians stated that the patient remained wholly unconscious until about 10 o'clock Friday morning when he rallied slightly and Number of men wounded in strike 46 partially regained consciousness. At It cost the miners' union, with a late hour Friday afternoon it was slightly improved. The physicians stated that in such cases it was impossible to tell the result under twentyfour to forty-eight hours, but they have some hope for his ultimate re-

Sudden Death of William Christman at Sixteen.

LEFT HOUSE IN GOOD HEALTH.

He Had Been Asked to Bring the Cows Back With Him and When the Animals Failed to Appear at the Usual Hour His Daughter Started in bled Over the Body of Her Father—Funeral Sunday Af-

Christman, who died suddenly Thurs-Christman residence at Sixteen at 1 o'clock, the Revs. N. E. Moffit, W. S. Adams and O. P. Foust, offi- lief fund, which is seid to be still growciating. Interment will be made in ling. the cemetery at that place. The pall bearers will be A. H. Crofut, Jacob Culler, George Locke, George Schultz, M. Roller and P. A. Paroz.

The circumstances surrounding the death of Mr. Christman show that it was probably caused by an affection of the heart. Although 72 years of age, the deceased was apparently in good health. Thursday at noon he started for the farm of a neighbor to help in the field work. Before leaving home he was asked to bring the cows home at 3 o'clock. The cows failed to put in an appearance and his daughter, Mrs. Jennie Oberlin, started out to get them. In hunting the cows she stumbled across the dead body of her father. It was lying on the ground where he had fallen, and still grasped the cane which he was accustomed to carry with him. The sudden shock completely unnerved Mrs. Christman, his aged wife, who has been in poor health for some time past.

The following children survive: The Rev. Harry Christman, of Tiffin; Samuel, James and William Christman and Mrs. Jennie Oberlin, all living at the homestead at Sixteen.

OBITUARY.

EDWARD P. NOYES.

The death of Edward P. Noyes, 67 years of age, of Seville, occurred at the Massillon state hospital Thursday afternoon. The deceased had been an inmate of the hospital but three months. The cause of his death is given as organic disease. Relatives! reached the city Friday noon and took the hulks under water, it is likely charge of the body which was sent to Seville Friday afternoon.

A brother from Moran, O., reached the city Friday night and took charge of cure. Doan's Ointment. Absolutely the body, which was taken to the latter place for burial.

ARBITRATION

WILL BE LITTLE OPPOSITION

ed Today.

The Miners Will Take Care of All Men Whose Places Have Been Taken by Non-Union Men Since the Inauguration of the Strike.

Wilkesbarre, Pa., Oct. 18 -- In accordince with the call issued Thursday by order of the executive boards of the anthracite districts of the miners' union, all "locals" throughout the coal field began electing delegates yesterday to the convention which will be held here next Monday to consider the acceptance or the rejection of the arbitration plan submitted by President Roosevelt. Most of the local unions held their meetings last night. They all will have been elected by tonight. It is practically certain that a majority of the delegates will come to the convention instructed to vote in favor of accepting the arbitration

The prominent officials of the union say that there is no fear that opposition will be strong enough to defeat the efforts of those who favor ending the strike by arbitrating their differences with the operators. President Mitchel is taken that he has not the slightest also heavy. doubt as to the result. He will go into the convention and make a strong speech for acceptance of the arbitration

The indications are the convention will last two days and that there will be much debate on various features of the arbitration plan. The conditions at some of the collieries are different from those existing at other places. The principal question to be discussed before the plan is accepted by the miners will be that of taking care of the men Search of Them and Stum- The conditions of the mines are such that all workmen cannot be given work. immediately and some will have to wait for weeks before the companies can take care of them. The operators will not dismiss a non union man in or-The funeral of the late William der to give emp oyment to a returning striker. SCUTTLED THEIR SHIPS.

by American Shells.

matter. The paper says:

"The raising of the Spanish gunboat Marquese Del Duero near Cavite by the Philippine Engineer and Construction Company developed some about the platform and an informal refacts about the famous naval battle in ception was held. Manila bay May 1, which may affect history materially. When the gunboat was examined it was found that but one shot took effect on that vessel. It pierced the bow above the water line and the shell exploded in the vessel. This goes to prove that the guns of the fleet never put this little gunboat in the bottom of the bay, and the only conclusion as to its destruction is that the Spaniards scuttled her rather than have her fall into Admiral Dewey's hands. The other seventeen vessels which lie in the bottom of the bay are to be raised.

"From information received from a diver who made an investigation of that when they are raised it will be found that the battle of May I was more of an 'opera bouffe affair' than the land battle of August 13, of which mate of the Massillon state hospital, the hero of the affair was spoken so disparingly. It will send another his-The deceased was committed from toric fable to join George Washington's hatchet. The diver has found He was a farmer by occupation, 50 in the whole fleet but twenty hits. years of age. The cause of death is few, if any, of which would have been fatal to the respective ships."

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels

WRIGHT WILL NOT VOTE.

Will Act as Clerk of the Arbitration Board.

Washington, Oct. 18.—Carroll D. Wright, as recorder of the commission to arbitrate the authracite coal disputes, will not have a vote. The following authoritative statement is made: "The commission is so constituted that it will require a two-thirds vote to settle any point upon which there is a dispute."

That means that Colonel Wright 18 not to be regarded as a member of the commission in passing upon questions at issue before it. He will keep the records, summon witnesses, carry out the orders of the commission, and perhaps prepare its report under instructions.

CODE CONFERENCE REPORT.

It Will be Submitted to Assembly Next Tuesday.

Columbus, Oct. 18.-The Senate met Friday morning long enough to enable Lieutenant Governor Gordon to sign up a few bills, among others the appropriation bill. Adjournment was then taken to Monday at 4:30 p. m.

The House adjourned to Tuesday at 10:30 a. m. It is expected that the report of the conference committee on the code will be ready for submission to both branches of the assembly Tuesday.

COVERNMENT VICTORIOUS.

Bloody Battle Which Lasted Seven Days.

Caracas, Venezuela, Oct. 18.— President Castro, commanding the government forces communicates a sweeping victory, after seven days' bloody battle. Over three thousand casualdoes not care to anticipate the action of ties were found in the revolutionists' the convention, but from his manner it camp. The government losses are

MEETING AT GREENVILLE,

A Big Audience Hears the Hon. James Kennedy.

East Greenville, Oct. 18. - One thousand people gathered here on Friday night to attend the Republican meeting. The Hon. James H. Kennedy. candidate for congress, and John P. Jones were escorted to the hall by the East Greenville band and a committee of chazens James Criston, the chairman of the meeting, first in roduced Mr Jones, of North Lawrence, who spoke of the condition of mines and miners. He compared the condition of the miners from 1892 until 1896 under a Democratic administration, and from 1896 until the present time under a Republican administration. At this point a man in the audience asked Mr. Jones why the Republican administration did not affect the miner in 1897. Mr. Jones replied that the Republican policy and its wife had not gone to housekeeping so early in the administration, and that the household affairs were generally un-

The speaker of the evening, the Hon. James H. Kennedy, was next introduced by Chairman Criston. Mr. Kennedy spoke in the interests of the laboring man and capitalists generally. Among other things he said that the trusts were all right and the unions were all right if they were handled Spanish Fleet Not Destroyed properly. When both act fairly and

justly they are a benefit to the country. Just before the meeting adjourned Washington, Oct. 18.—Copies of the Mr. Jones proposed three cheers for Manila American, just received at the President Roosevelt and his efforts to war department, contain interesting end the coal strike, which were given with a will. Someone in the audience then proposed three cheers for Kennedy and Jones, which were also given heartily. After the meeting the people passed

MYERS IS SANGUINE.

He is Not Alarmed by Gloomy Predictions.

G. A. Myers, who has taken the contract for lighting Navarre with electricity, is in Massillon today. Mr. Myers took the arc street light contract for \$35 a lamp The other bids were much higher, and electric light men have been telling Mr. Myers that he is sure to lose money.

"And I am going to show them that I will not lose," said Mr. Myers. "In addition to the arc lamps on the streets, we expect to have about 1,500 incandescent lamps. About 1,200 have already been subscribed for. Our powerhouse is almost completed, and our machinery will be installed before long. The power-house would be entirely completed but for the scarcity of mater-

The interests of the workingmen of the district have always been safe in the hands of a Republican congressman. Workingmen know this and will act accordingly.

The Independent is surprised that a man of Candidate Duffy's good sense should have condescended to use that ridiculous old demagogic platitude about there being no prosperity. The chief Republican issue, which stands for the opposite of the misery and poverty which were the direct result of an anti-Republican administration a few years ago, is not, according to Mr. Duffy, "to be taken seriously." In the name of goodness then, what is A dance will be given on Saturday to be taken seriously? Certainly not Mr. Duffy, if he continues to talk non-

The London Times bestows high praise upon President Roosevelt for his! work towards settling the coal strike. In a quiet and unobtrusive manner, it ALL ITS ENGINES TO USE OIL says, Mr. Rosevelt has done a very big thing. It is an entirely new thing that we are witnessing. It is not merely the ending of a coal strike, but the entry of a powerful government upon a novel sphere of operations. Mr. Roosevelt has not taken up this task as an amateur mediator. He has not entered upon it without counting the cost or without the support of convictions and ideas far outrunning the ostensible subject matter of his action.

QUESTIONS FOR ARBITRATION

The following demands of the miners will be considered by the arbitration commission: 1. An eight-hour day for all em-

- ployes working by the day, week or 2. An increase of 20 per cent in the
- wages of all miners employed by the 3. The establishment of a 2,240-
- pound ton in all mines. 4. Recognition of mine committees
- in adjusting disputes and grievances.
- 5. A thorough organization of all the skilled mechanics employed in and about the mines.
- 6. Condemnation of the alleged act of the Delaware & Hudson Company in reducing wages at the Plymouth
- 7. Reinstatement of the colliery firemen discharged by the Delaware & Hudson Company for refusing to work on "swing" shifts.
- 8. Revision of the contract system and limitation to two in the number of laborers to be employed by any one contractor.
- 9. Abolition of the "blacklist" sys-

Here are the demands of the miners that the operators refuse to submit to arbitration: They will not be considered by the commission:

1. Recognition of the union.

- 2. Investigation of opposition of union miners to work with non-union
- 3. Systematic examination of working cards at the mines.
- 4. Right of union miners to strike at collieries employing non-union labor. It will be seen from this schedule that Mr. Mitchell has forced consideration of nine out of thirteen demands submitted by him five months ago.

OUR VARIABLE STAR.

The summer of 1901 was excessive in its amount of heat, and the season was one of drouth in many sections. Notably was this the case in the corn belt of the United States, where the period of greatest drouth coincided with the critical one of development of the corn plant, with the result of a serious shortage in the crop. This year the condition is just reversed. It has been a cold, wet summer, and the fall has been like unto it.

The sun is the earth's source of heat. Hence it is evident that the supply is variable-that our luminary radiates more heat at times than at others. In other words, the exceedingly hot summer of 1901, followed by the abnormally cold summer of 1902, | Hyrr (fresh)..... is proof that our sun is a variable Soring Chickens, live per lb...... star, like many others known to astronomers. Fortunately for us, its limits of variability are very small, Bran, per 100 lbs...... 1 10 when compared with others of its Middlings, per 100 lbs 1 20

THE INDEPENDENT class, else the earth would be unin-habitable for the human race as it is now constituted.

The theory of the variability of the sun was broached many years ago. Tenyson, in "The Princess," speaks First Native Woman Signs of "that variable star men call the sun-if that hypothesis of theirs be sound." The hypothesis has been verified in the half century which has passed since the poet laureate penned the lines. But, while science has WILL PUSH WORK IN PHILIPPINES proved the fact of variability, it has not yet discovered its exact period. Of the variable stars known to astron- National Convention Opened at Portomers, each has its period, sometimes of hours or days, sometimes much longer. The period of the sun is one of years, without doubt. There is an eleven-year cycle of sunspots, but it is subject to variations to which as yet we have no key. We must await the investigations of astronomers for years, before the

Southern Pacific Railway Hurries Change In Equipment.

Oil as a fuel has proved such a success on all the lines of the Southern Pacific railway that general orders have been issued for the conversion of all the engines into oil burners as soon as possible, according to the Los Angeles Express. Coal will be abandoned absolutely. Within a year the Southern Pacific will be on an oil basis solely. Sixty-three oil burning engines now are in use in the Los Angeles division. There remain eighty-three yet to be converted. It is estimated that within eight months all of the engines will have been converted.

It requires on an average 1,000 galfive tons of coal. The saving on every 100 miles by using oil ranges from \$16 to \$20. The total saving for the 200,000 miles traveled by oil burning engines represents from \$36,000 to \$40,000 a

Upward of \$5,000,000 has been expended by the company for oil. The investment is a good one, however, as the saving effected will have paid for the enormous expenditure long before all the engines have been converted into oil burners. On the western division alone the saving per month, when all the engines have been converted, will approximate \$75,000. When the other coast divisions use oil exclusively, the total sum saved will be upward of \$100,000 a month.

Novelty For Bathrooms,

A novel idea for the bathroom, coming originally from Germany, is finding an increasing vogue on this side. This is the use of glass tabs. They are translucent, about two and a half inches thick and annealed, so as to be durable. The effect produced is an appearance of greater cleanliness and

Cold Winter For Europe.

Professor Ledochowski, the Austrian meteorologist, says the winter will probably be the severest in fifty years. 'We may," he says, "expect the lowest temperatures, the leiest winds and the heaviest snowfalls, extending for an exceptionally long period. This applies to all of Europe, including the British isles."

Me.—Ten State Unions Among Colored Women-Increased

Portland, Me., Oct. 18.—The national W. C. T. U. convention was called to order by President Stevens,

Sums Contributed Past Year,

The report of the executive commendations, was adopted and it will be considered further in regular or-

der of business. Mrs. Susanna M. D. Fry, of Illinois, made her report as corresponding secretary. The report stated that the Manila organizer had reported dered by the "canteen victory." The Mr. and Mrs. Ellsworth Cries spent Manila union has provided for leaflets in Spanish and Tag bg and had its first native woman signer of the W. C. T. U. pledge, a Tagalog, and the wife of a native preacher.

To Promote Work In Philippines. In a late letter Mrs. Faxon, the

LADY HENRY SOMERSET. said there were three things she had determined to do:

"To get the union where it will live after us, to get into the schools scientific temperance instruction and to inaugurate a system for distributing leaflets throughout the islands." Giving extracts from reports of 18 organizers, Mrs. Fry said:

"The total number of W. C. T. U. unions organized by the 18 organizers is 120; total number of young women's unions, 40; total number of W.'s and Y.'s reorganized, 55; total lons or about twenty-four barrels of oil active W. and Y. members secured, 4.702: number of local temperance legions organized, 60; number of new L. T. L. members secured, 2,291; number of total abstinence pledges of total abstinence pledges illustrated Prospectus free Address Dept. B. for every 100 miles as compared to 4,702; number of local temperance L. T. L. members secured, 2,291; number of total abstinence pledges secured, 6.928; total number of state engagements, 80.

State Unions Among Colored Women. Ten state unions among the colored women increases the number of state and territorial unions to 63. Mrs. Amanda Richey, organizer, Indian territory union (No. 2), and working under an appropriation from the Frances E. Willard memorial fund, organized 21 new unions. The national treasurer, Mrs. Helen

Morton Barker, reported that the National W. C. T. U. had made a net gain of \$7,097, and receipts from the Frances E. Willard memorial fund, \$4,417 (more than in any previous

Pledges amounting to \$1,132 for Manila missionary work had been received, the treasurer said.

An evangelistic hour was conducted by Miss Elizabeth W. Greenwood,

national evangelistic superintendent. Lady Somerset Led In Prayer. Lady Henry Somerset, president of

the World's W. C. T. U., officiated at noontide prayer. At the afternoon session Mrs. Clara Parish Wright, of Illinois, re-

ported for the young woman's branch, of which she is general secretary. Mrs. Helen C. Rice, of Massachu-

setts, gave her report as general secretary of the Loyal Temperance Legion. Then followed reports from eight

of the organizers representing New York, Illinois, Missouri, Indiana and

Responses to Addresses Made. At last night's session responses

to addresses of welcome were made by Mrs. Margaret Dye Ellis, N. J., national superintendent of legislaton; Mrs. Emma Cash, president of Southern California W. C. T. U., and Miss Belle Kearney, of Missouri, national lecturer.

Lady Henry Somerset was the last speaker.

Elected Two New Bishops.

Williamsport, Pa., Oct. 18.-The general conference of the United 50 Evangelical churcu elected the Rev. H. B. Hartzler, D. D., of Harrisburg, former editor of the Evangelical, and the Rev. W. E. Hefl, of Allentown, formerly corresponding secretary of the general conference, as bishops for four years at a salary of \$1,400

Negro Gets Quick Justice.

Nacogdoches, Tex., Oct. 18.--Jim 20 23 Buchanan, colored, the murderer of the Bicks family, was tried here yesterday, a plea of guilty was accepted by the judge, and the negro was 13 legally hanged within two hours atter sentence had been passed.

HERE AT HOME.

Gladly Citizens Massillon Testify.

It is testimony like the following that has placed "the old Quaker Remedy" so far above competitors. When people right here at home raise their voice in praise, there is no room left for doubt.

A Few Observations Regarding Taxes:

Taxes are now due.
First half payable between October 1 and December 20.
Last half payable between April 1 and June 20.
Taxes become a lien on property the day preceding the second pattern of April.

Monday of April.

After July 20 those owing June taxes are delinquent.

All delinquent taxes must be paid before December 20, otherwise the property will be advertised, and the third Tuesday of January, be sold for taxes.

De soid for taxes.

After becoming delinquent, the penalty on Real Estate is 15 per cent.; on delinquent Personal Tax the penalty is 10 per cent. These penalties do not belong to the Treasurer, and therefore cannot be re-After tax sale, the penalty the first year to tax title purchases is 15 per cent., plus 6 per cent interest; the second year the penalty is 25 per cent., plus 6 per cent. interest. If not redeemed within two years the transports goes to the tax title purchases.

per cent, plus 6 per cent, interest. If not redeemed within two years the property goes to the tax title purchaser.

Taxpayers have option of paying full year's taxes during December collection period, but are required to pay first half with delinquencies. The remaining half should be paid within June collection. The tax year and calendar year are not the same. The first half of any year's tax is due and payable October 1, and until December 20. The second half is payable up to June 0 of the following year.

Many taxpayers have formed the habit of paying the December tax and the preceding June tax together thinking they are paying the full year's tax. All such are paying the last half of

one year's tax and the first half of the following year's tax and one year's tax and the first half of the following year's tax and consequently they are paying 15 per cent penalty on the preceding June tax. The proper way to pay a full year's tax without penalty, is to pay in December for December and the following June. Dog Tax and Road Tax are paid in full at the December collection each year. Therefore to get the December rate add the road to the whole rate and take half. To get the June rate subtract the road rate from the full rate and take half. To get the December payment multiply the valuation by the December rate, adding one dollar for each male dog assessed and two dollars for each female dog.

rate, adding one dollar for each mate dog assessed and two dollars for each female dog.

Checks given in payment of taxes do not liquidate the county's claim until honored at the bank. When checks are not paid on presentation, the taxes for which the checks were given will be reopened without notice to person giving such checks.

When paying taxes, present your last receipt, as it assists very much in locating your property and tends to avoid error.

When you ask by mail for the amount of your taxes, designate your property clearly. *tate name in which the property is listed, mame the township and section. If in city, give city, ward and lot number.

ed, name the township and section. It in city, give city, ward and lot number

The tax duplicates give the property in the name in which it stood the day preceding the second Monday of April of the year for which the taxes are levied. So that any transfer made on or after the second Monday of April of any year will not appear on the tax duplicate until the next year.

The Treasurer's Office will be open between the hours of 8:00 a. m. and 4:00 p. m. from the 1st day of October to the 20th day of December, and from the first day of April to the 20th day of June, for the purpose of receiving taxes charged

To insure prompt answer, all inquiries made by mail concerning taxes should be forwarded prior to December 10 and June 10. While every effort will be made to accommodate the public, taxpayers are urgently requested to call early and pay their taxes and thus save themselves, as well as the Treasurer, the disagreeable rush at the end of the season. J. ROYAL SNYDER, County Treasurer. Treasurer's Office, Canton, O . October 1, 1902.

ner to make a partial settlement, and he was asked for a certified check. "I have it," he said, and then he closed the door of the room. An instant later Re drew a revolver and through the heart, and Hamilton lived only a few moments. A number of other persons who were in the room, clerks and members of the firm, fled in panic. After killing Hamilton and Mallard, Turner shot himself in the head. Some moments later hearing no more shots, the persons who fled ventured back into the room and found the three bodies.

Shortage in Turner's Accounts. Turner retired as president of the Climax Bottling company last April, when he was bought out by Hamilton. After the sale, it was discovered, in examining the books of the concern, that there was a shortage of \$5,100 in Turner's accounts. The Climax company engaged John F. McIntyre, former assistant district attorney, and M. Goodman, both of the firm in whose offices the shooting Offer to Buy Bonds Will Place \$20, occurred yesterday, to effect a settlement with Turner, and he engaged Edgar Leventritt to represent his interests. Some difficulty had been met with in the negotiations which was finally agreed to accept \$2,700 and give Turner a release in full. Thursday night it was agreed that the offices of Cantor, Adams & Mc-Intyre yesterday at 11 o'clock. Evidently Wanted to Kill McIntyre.

At the appointed hour yesterday Turner, with his lawyer, entered the law offices. Mr. Goodman ushered Tu-ner and his lawyer into the private office of Mr. Adams. Leventritt, it is said, told Turner to remain outside. Turner refused, saying that accepted. he wanted to close the matter at once. Turner immediately after entering asked for Mr. McIntyre and showed anger when told he would not be present at the conference.

Negotiations for a settlement began at once, Messrs. Hamilton, Mallard and Goodman and Adams being present, besides Turner and his attorney. The conference at first was later Mallard asked to see Mr. Adams and Mr. Hamilton in Adams' going on, Turner walked in. His

lawyer asked him for his check to be used in the settlement and Turner said: "Yes, I'll let you have it."

Pulled Gun Instead of Check. Then Turner closed the door of the office. He was facing Mr. Mallard who had asked him for the check. An instant after he had shut the door he drew a revolver, and, pointing it at Mallard, said, "I will kill you, you ----." Then he fired two shots at Mallard. Instantly there was a wild scramble on the part of the others in the room. All except Hamilton dashed for the door, but Hamilton, when Turner fired, sprang at him to grapple. Turner Albert Hamilton Killed by a New was too quick for him, however, and, dropping his weapon to a level with his victim's breast, fired. There is Another Official of Hamilton's no witness to what followed. Mr. Leventritt, at the first appearance of the revolver, rushed out of the room, leaving his hat behind him. Goodman followed Leventritt and Adams New York, Oct. 18.—Using a new jumped to his feet as soon as Malautomatic magazine pistol, William lard was shot, brushed past Turner C. WANT RANSOM RE-PAID.

Missionary Societies Request Action Against Turkey-Most Evidence Against Bulgaria.

Washington, Oct. 18.-Representatives of the missionary societies have at length formally requested the state department to make a demand on Turkey for repayment of the amount of ransom paid on account of the release of Miss Ellen M. Stone The requests assume the liability of Turkey as settled, but the state department has by no means assured itself on that point, and it is stated that the responsibility still lies between Turkey and Bulgaria, with, perhaps, the weight of evidence against the latter country.

STRIKE SETTLEMENT A BLESSING

Removes Only Serious Handicap to Industrial Progress-Transportation Now Worst Problem.

New York, Oct. 18.-R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Settlement of the coal strike removes the only serious handicap to strong position assures a speedy re-Later in the day E. W. Parker, the storation of prosperous conditions. Transportation is now the worst feature, and threatens to continue disturbing. While the grain crops are stock and motive power will prove made at the shops, liberal premiums being offered for early delivery. That the railways are well occupied is evidenced by earnings for the first week of Oct. 3.5 per cent larger than last year and 10.9 per cent above

Caused by Lack of Fuel. Inadequate supplies of fuel caused further banking of furnaces, but the effect of a decreased output of domestic pig iron has been partially neutralized by larger arrivals from abroad. Practically no price can be named for immediate delivery of home iron, and there is no disposition to make concessions on distant contracts, owing to the abnormal coke situation. Fortunately there has been little interruption at finishing tural material and kindred lines is well maintained. Consumers not only find difficulty in securing steel from the mills, but encounter a further delay on the railways, which promptly. Orders come forward) freely for the heavier lines, numera lot of business in sight in beams, channels and angles. Plates for ship

A WORD ABOUT CATARRIL. It is mucous membrane, that wonderful semi-fluid envelope surrounding the deli-cate tissues of the air and food passages, that catarrh makes its strong hold. Once cate tissues of the air and food passages, that catarrh makes its strong hold. Once established it eats into the very vitals and renders life a long drawn breath of misery and disease, dulling the sense of hearing, transmelling the power of speech, destroying the faculty of smell, touting the breath and killing the refined pleasure of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membraneous lining and envelops the bones, eating the delicate coats and causing inflammation, slengting and death. Nothing short of total eradication will secure health to the patient, and all alleviates are simply prograstinated sufferings, leading to a fatal termination. Dr. Saim has, by a treatment, local and constitutional, made the

burg Thursday Evening.

One of the most notable events of the season was the weddingThursday evenling of Sara M., daughter of the late Asa Shinn Gillespie, and a niece of of Shadyside. The ceremony was performed at "The Maples," Mrs. Magee's residence in Oakland, at 7:30 o'clock. The wedding was to have taken place at "Evergreen," the ber 27 and 28. Presiding Elder G B. and Mrs. Magee, who is traveling in Europe and expects to winter in Rome, offered the use of her home to Joseph Barnhart was surprised by Mrs. Gillespie for the festivity. The sixty friends at his home northeast ceremony took place in the music of the city Thursay evening who came room, at one end of which there was to celebrate his birthday anniver- a dais, backed by a movable screen sarv. Among the amusements was a of smilax. After the ceremony the progressive enchre game and a bean screen was moved forward and used bag contest. Prizes were won by Miss, to separate the orchestra from the Clara Walten, Joseph Hansen, Miss other part of the room. The appointments were at once simple and ele-The chestnut crop this year is larger gant. Scattered throughout the rooms of the lower floor were clusters of white and pink chrysanthemums and white and pink dahlias, with smilax tastefully draped on curtain and portiere. The wall and corners of the parlors and dining room were banked with tropical foliage.

The ceremony was performed by the Rev. Robert Young, pastor of the First Methodist Protestant church, Shadyside. The attendants were Miss Horace Dravo, ribbon bearers; Samuel Watson, of Chicago, best man, and Thomas Watson, Mr. Elmer, Mr. Sutton and Marcus Stoner, ushers.

Among the friends and relatives from a distance were Mr. and Mrs. George W. Darr, New York, Mrs. lin, Collier and Mauser, Mrs. Erwin, Darr being a sister of the bride: Mrs. Anna Tait, an aunt of the bride; Mrs. John G. Warwick, the Misses McCal lam and Mrs. A. Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or set-

tling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

der are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extra-ordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent

NOVEL PRISON REFORM. Italy Proposes Compensation For

Men Unjustly Condemned. A new criminal bill is about to be discussed in Italy, and it is thought in Rome that it will be passed, says the Chicago Tribune. It proposes to concede to those found to have been un-

justly condemned to prison an indemni-

ty to be decided upon by the courts. If the person has been in prison through a real judicial error, the indemnity will in some way correspond to the financial loss which he and his family have sustained, while if he has been condemned through the bad faith of a third person, through false testimony (for which, of course, the court which condemned him is not responsible), the indemnity will be less, but at least he will have the wherewithal to begin life anew.

It has been proposed to indemnify those living when the law passes who have already been released from unmerited condemnations or the families of those who have died while undergoing unjust sentence.

FINANCIERS IN PANTOMIME.

How J. Plerpont Morgan and His Partners Amused a Crowd.

J. Pierpont Morgan and his partners, George W. Perkins and Robert Bacon, were actors in an animated pantomime, which collected a crowd of about one thousand persons a few minutes before 6 o'clock the other afternoon, says a New York dispatch to the Philadelphia Press. The crowd of homeward bound brokers and their clerks passing Mr. Morgan's office caught sight of Mr. rie, Ind., says the New York Times. Morgan engaged in a spirited conversation with his two partners.

Mr. Morgan sat at his desk. Mr. Bacon stood beside him and Mr. Perkins sat at the financier's right. The gestures of the three at times were very forcible, and a crowd soon blocked the street. It was enjoying itself hugely
